

# Revolutionizing Fintech Solutions

Unleashing Seamless  
Transactions with  
iorys Centrolink API  
Integration

## About iorys

iorys.com is at the forefront of IT solutions for the fintech and online banking sectors, specializing in comprehensive services that include payment hubs, front office, back office, ledgers, and compliance modules. Our mission is to simplify and enhance the operational capabilities of our clients through seamless and efficient API integrations.

### > Introduction

At iorys.com, we are committed to empowering fintechs with cutting-edge IT solutions that drive innovation and efficiency. Our latest endeavor focuses on strategic API integration with Centrolink, a pioneering clearing and settlement mechanism established by the Central Bank of Lithuania. This integration opens doors for fintechs to access the Single Euro Payments Area (SEPA) directly, bypassing the need for traditional commercial bank intermediaries.

### > Streamlined SEPA Access

With iorys.com's API integration with Centrolink, fintechs can say goodbye to cumbersome intermediaries and embrace a new era of streamlined SEPA access. By connecting directly to Centrolink, our clients unlock a multitude of benefits:

**Eliminating intermediaries:** Cut through red tape and bureaucracy by accessing SEPA directly through Centrolink, without the need for commercial banks.

**Cost-effectiveness:** Experience significant cost savings with transactions costing just one cent, compared to the often hefty fees charged by traditional banking institutions.

**Accelerated transactions:** Enjoy the efficiency of SEPA and SEPA Instant transactions, facilitating faster and smoother payment processes for your business and customers.

## > Regulatory Compliance Simplified

Navigating regulatory compliance can be a daunting task for fintechs. However, iorys.com's integration with Centrolink simplifies this process by:

**Compliance relief:** Shift the burden of AML compliance to foreign regulators, as Centrolink operates as a connector to SEPA rather than a regulator for foreign institutions.

**Future-proofing with PSD3:** Stay ahead of regulatory changes with iorys.com's solution, ensuring compliance readiness for upcoming obligations like PSD3, which mandates similar solutions across Europe.

## > Unlocking Fintech Potential

At iorys.com, we believe in unlocking the full potential of fintechs by providing them with the tools and support they need to thrive. Our integration with Centrolink empowers fintechs in several ways:

- **Empowering innovation:** Remove financial and regulatory barriers that stifle creativity and innovation, allowing fintechs to unleash their full potential.
- **Seamless scalability:** Scale your operations effortlessly with iorys.com's solution, adapting to changing business needs and expanding your reach with ease.
- **Client success stories:** Discover how fintechs have leveraged iorys.com's integration with Centrolink to achieve their business goals and disrupt the financial industry landscape.

## > Conclusion

In conclusion, iorys.com's integration with Centrolink signifies a monumental leap forward in fintech evolution. By bypassing intermediaries and offering direct SEPA access, we're enabling cost-effective, efficient transactions. Additionally, our simplified regulatory compliance ensures readiness for future obligations like PSD3. This integration doesn't just streamline processes; it empowers fintechs to innovate freely, scale effortlessly, and achieve unprecedented success. iorys.com is committed to driving fintech forward, ushering in an era where transactions are not just seamless, but revolutionary. Join us in reshaping the future of finance.

*The integration of Centrolink API through iorys.com represents a significant advancement in payment processing for fintechs and online banks. By solving the challenge of Centrolink verification, we enable our clients to conduct international transactions with confidence and efficiency.*
